

## Earth Geometric Grid Points Described

1. **Great Pyramid at Giza**, Egypt; **r**
2. **Western Russia**; unique soil composition **1**
3. **Tyumen oil find**
4. **Lake Baikal**, Northern Mongolia; unique soil composition1, 3/4 of the plants and animals (1000 species) are unique, megaliths
5. **Sea of Okhotsk**; major Soviet defense research site
6. **Amchita Island**, Aleutian Islands, Bering Sea
7. **Gulf of Alaska**, Exxon Valdez oil spill
8. **Buffalo Lake**, Alberta, Canada; major concentration of medicine wheels
9. **Hudson Bay**, north magnetic pole; Ugansk Bay, Eskimo art complex, Chubb meteor crater
10. **Mid-atlantic underwater ridge** to 37
11. **Scotland**; northern **British Isles**, **Maes Howe**, **Ring of Brodger**, **Callenish megaliths**; **Loch Ness**
12. **Karachi**, Pakistan; **Indus Valley**, ancient Mohenjo Daro culture; **d**, birds overwinter
13. **Ancient Du Jiang** irrigation system, natural home of the panda
14. **Iwo Jima**, southern Japan, seismic activity, Japan's Devils's Sea; **d**
15. **Midway Island**
16. **Hawaiian islands**; **d**
17. **Hopi culture**, Hohokom waterworks, Four Corners; **r**, wheel observed in Gemini photos
18. **Bimini atoll**, Bahamas; area of Bermuda triangle; wheel observed in Gemini photos, **d**
19. **Atlantis Fracture**
20. **Morocco**, Algerian megalithic ruins, Ahaggar ancient cave art; w, **d**, fault line to Pakistan, #12; birds overwinter
21. **Zimbabwe**, Africa; Sudan, ancient Kush, contemporary locust plague, near Khartoum, ecliptic crosses here and #31
22. **Somalia Basin**, equator
23. **Chagos archipelago**
24. **Equator**
25. **Bangkok**, **Angkor Wat**
26. **Sarawak**, Solomon Islands, Borneo megaliths, equator, center of spice trade, Toraja
27. **Gulf of Carpentaria**, massive gold reserves
28. **Ponapé**, Solomon Islands, equator
29. **Marshall Islands**

30. **Phoenix Islands**; Nova Canton trough; equator
31. **Society Island**; Caroline Islands, ecliptic crosses here
32. **Mid south Pacific**; equator
33. **Clipperton Islands**
34. **Galapagos Islands**; junction of Cocos and Carnegie ridges; equator
35. **Lima**, Peru; Lake Punrun in coastal highlands; boundary of Nazca plate, stones of ice, seat of ancient Peru
36. **Amazonian ruins**, Yanomomo homelands; equator
37. **Guiana Basin**, Vema Fracture
38. **Romanche Fracture**; equator
39. **Ascension Island**
40. **Gabon**, west Africa; spontaneous U-235 atomic explosion 1 million years ago; equator
41. **L'uyengo** on the Usutu River in Swaziland, Great Zimbabwe, site of earliest pre-humans; d, r, birds overwinter
42. **Intersection of Mid-Indian and Southwest Indian Ridges**
43. **Wharton Basin** **d**

44. **South Australia** aboriginal land; Marilinga atomic test site, Wilpena Pound huge meteor impact site
45. **Peruvian megaliths**, UFO sightings; **d**
46. **Undifferentiated south pacific ocean**
47. **Easter Island megaliths**; **d**
48. **Argentine Tafi megaliths**
49. **Rio de Janeiro**; **d**
50. **Atlantic Ridge**
51. **Enderby Abyssal Plain**
52. **Kerguelen Plateau**
53. **South Indian Basin**
54. **Kangaroo Fracture**
55. **Emerald Basin**
56. **Udintsev Fracture**
57. **Eltanin Fracture**
58. **South American tip**, edge of the Haeckel Deep
59. **East Scotia Basin Earth**
60. **South Atlantic Ridge**
61. **North Pole**
62. **South Pole**
